

Max PlantAmino50

More Information

Max PlantAmino50 is a plant based amino acid derived from soybean. It's huge surface-active absorption ability, helps maintain its slow-release formula, makes full use of macro-elements (Like NPK), and ensures the stability and long-acting benefits of trace elements(Like Fe, Cu, Mn, Zn, B).

Composition / Analysis:

APPEARANCE	YELLOW POWDER
Total Amino acid	40%-50%
Nitrogen	17%
Moisture	5%
Chloride	Undetected

APPEARANCE	YELLOW POWDER
PH Value	3-6
Water Solubility	100%
Heavy Metals	Undetected

Application

Max PlantAmino50 is mainly used in agricultural crops, fruit trees, landscaping, gardening, pastures, grains and horticultural crops, etc.

Foliar Application: 2.5-4kg/ha

Root Irrigation: 4-8kg/ha

Dilution Rates: Foliar spray: 1: 600-1000 Root irrigation: 1: 500-600

Benefits

- Promotes the formation of photosynthesis and chlorophyll
- Enhances plant respiration
- Improves plant redox processes
- Promotes the metabolism of the plant
- Improves nutrient utilization and crop quality
- Absorbs quickly and shortens the growth cycle
- No residue, improves the physical and chemical properties of soil
- Improves water retention, fertility and permeability of soil
- Enhances metabolic function and stress tolerance
- Promotes cell division and increases metabolism
- Stimulates fast, multi-crop rooting
- Stimulates and regulates the rapid growth of plants
- Promotes robust plant growth
- Promotes the absorption of nutrients of plants

Packaging

1kg, 5kg, 10kg, 25 kg per bag

Office: Room Maiké Business Centre, No.12 Jinye Road, Yanta District, Xi'an, China.

Plant: Chemical Industry Zone, YongShou, Shaanxi, China
